**29th Annual  
International  
Drug Enforcement  
Conference  
IDEC XXIX**

**June 11-15, 2012**

**The Westin Resort Nusa Dua  
Bali, Indonesia**

# Welcome to Indonesia's world famous beach resort.... **Bali!**

Bali is a beautiful island which is often referred to as the Island of Gods and the Paradise Island and is located near Denpasar Indonesia. The Westin Resort Nusa Dua Hotel is a beautiful resort complex in the southernmost tip of Bali, and offers some of the island's finest accommodations and conference facilities. Tropical coral reefs protect the magnificent beaches of Nusa Dua, creating an idyllic environment for a wide variety of water sports and activities.

Welcome to the Seventh Annual U.S. Association of Former Federal Narcotic Agents (AFFNA) Law Enforcement Exposition at the 29th Annual International Drug Enforcement Conference (IDEC XXIX). DEA's IDEC conference is attended by the highest levels of law enforcement officials from **over 104 countries**.

AFFNA is pleased to announce our Seventh Annual Law Enforcement Exposition which will be held simultaneously with DEA's IDEC XXIX Conference in Denpasar (Bali), Indonesia on June 11-15, 2012.

IDEC is a one-of-a-kind event for exhibitors. IDEC offers exhibitors not only an opportunity to be part of the world's most important counter-drug operational planning conference but also to meet with the highest levels of law enforcement officials from more than 104 countries. During the conference our exhibitors have the opportunity to meet with and build valuable relationships with international law enforcement decision makers and to demonstrate their product to the global law enforcement market. Exhibitors are invited to attend the IDEC reception and the cultural event sponsored by the Indonesian National Police. Sponsorship opportunities for exhibitors include the sponsorship of IDEC receptions, lunches, coffee breaks, etc. Our equipment exposition is one of the highlights of IDEC as the law enforcement delegates look forward to visiting each booth during the breaks and events to become familiar with new equipment and investigative technology. This is your opportunity to support DEA's and their global partners in their worldwide Counter-Drug Mission and Operations and to provide law enforcement with products that will help keep them safe and support their high level investigations.

Do not hesitate to register for the Law Enforcement Exposition at IDEC XXIX as we have limited booth space and sponsorship opportunities are taken quickly by companies seeking access to the global high level law enforcement delegates at IDEC.
