

## ISS World MEA 2013 **Agenda At A Glance**

Wednesday, 6 March 2013

Wednesday, 6 March 2013																		
TRACK 1			TRACK 2		TRACK 3		TRACK 4			TRACK 5		TRACK 6			TRACK 7			
ISS for Lawful Interception and Criminal Investigations			ISS for Big Data Analytics and Social Network Monitoring		ISS for Mobile Location, Surveillance and Signal Intercept		Encrypted Traffic Monitoring and IT Intrusion Product Training <i>(LEA and Govt. Only)</i>			Lawful Interception and Criminal Investigation Product Demonstration Track <i>(LEA and Govt. only)</i>		Social Network Monitoring and Big Data Analytics Product Demonstration <i>(LEA and Govt. only)</i>			Mobile Location, Surveillance and Signal Intercept Product Training <i>(LEA and Govt. only)</i>			
Deira Salon A <i>(Main Level)</i>			Room 250 <i>(2nd Floor)</i>		Deira Salon B <i>(Main Level)</i>		Pre Function A <i>(Main Level)</i>	Palm I <i>(Lower Level)</i>		Session A  Palm I <i>(Lower Level)</i>	Session B  Baniyas <i>(Lower Level)</i>	Session A  Room 250 <i>(2nd Floor)</i>	Session B  Jumeirah <i>(Lower Level)</i>	Session C  Zabeel <i>(Main Level)</i>	Session A  Palm III <i>(Lower Level)</i>	Session B  Palm II <i>(Lower Level)</i>		
8:30-9:00																		
	Disappearing in the Crowd <i>ipoque</i>					Understanding the Difference Between Passive vs. Active Tracking <i>Semptian International</i>		Encryption Anywhere and Everywhere. Now What? An Analysis of Possible Workarounds <i>AREA</i>			NetRASAT: Scalable End-to-End IP LI Solution <i>C2Tech</i>	A Countrywide Monitoring Centers Solution: Voice, Data and Positioning <i>IPS</i>				XRY and XAMN - tools that give full view of mobile phone data for crime investigation and intelligence purposes <i>Micro Systemation</i>	NetHawk F10 IMSI Catching Solution for GSM/UMTS/LTE Technology <i>EXFO France</i>	
9:00-9:30	Data Retention for NAT/PAT <i>Siemens CMT, Law Enforcement Solutions</i>			Open Source Intelligence: the limitations of the open sources & social media and new tools to overcome them <i>Global Security Network</i>		Passive off-the-air Monitoring of Thuraya and Inmarsat Pro with Decryption <i>NS Systems</i>		Big Data Analytics: An Investigative Tool for Securing Network Infrastructure <i>ISC8</i>							Intelligence Platform - Target Profiling <i>trovicor</i>			
	Refreshment Break																	
9:30-10:30 10:30-11:00	Cost effective 40G LI & DR for IP networks <i>INVEA-TECH</i>					Real Life use Cases: Crime Prevention by Combining Invisible Cell Phone Position and Behavioral Analysis <i>Mobilaris AB</i>		Da Vinci: a live demonstration of unrivaled attack capabilities and total resistance to detection, quarantine and removal by any endpoint security technology. <i>Hacking Team</i>				Nuance Monitor: Live Demonstration of Real-Time Alerting Capabilities Made Possible by Voice Biometric and Speech Technology <i>Nuance Communications</i>	Advanced Monitoring: Identify and Follow <i>SS8</i>	Recall Intelligence Fusion Center supports Intelligence-driven Operations <i>iSolv Technologies</i>	Cell Based Monitoring Solution - a new approach to handle mass recordings <i>trovicor</i>	Mass Social Media Analysis: A Holistic View on Social Media and How to Track Emerging and Critical Issues <i>Gamma Group</i>	IMSI/IMEI Catcher. InPoint SMS System - Mass Emergency Notification <i>Neosoft AG</i>	
	Countrywide (umbrella) Interception, combined with integrated LBS and DRS <i>Group 2000 Netherland B.V.</i>			Network-in-the box concept for UMTS technology and Public Safety organizations <i>EXFO France</i>		Mass Metadata Analysis - Reveal the Unknown <i>trovicor</i>												
11:00-11:30	Refreshment Break																	
	Lawful Interception Standards Update. ETSI TC/LI, EU Data Retention and ITU-T DPI <i>Yaana Technologies</i>							Tactical IP Intercept for HTTPS Monitoring & Remote Intrusion <i>ClearTrail Technologies</i>		Dark Eagle: The ultimate solution for DSL voice and data interception and remote system intrusion <i>GR SISTEMI SRL</i>			Fusion of Intelligence Disciplines in the next generation Task Force Environment <i>DTXT Corporation USA</i>	Unified Communication Monitoring Center with BMMsoft Unicom Server, the solution for Law Enforcement Agencies <i>BMMsoft</i>		FENCING IN THE THREAT: Mobile identification and alert system <i>Semptian International</i>		
11:30-12:00 12:00-12:30	Refreshment Break																	
12:30-13:00
