EXHIBITORS

The Africa Security & Counter-Terrorism Summit 2014 will assess the most pertinent security issues affecting Africa's Governments and people. Over the two-day conference talks will examine key threats and challenges and look at the most cutting edge technologies available to governments for use in a wide range of environments.

The Summit will also include an exhibition where the world's leading companies meet to engage their key audience, and a networking evening where delegates can relax, network and form valuable business relationships. All attendees will leave with lasting knowledge of Africa's security issues and a wealth of new contacts in one of the most important regions on the planet.

Why is the Africa Security & Counter-Terrorism Summit Taking Place in London?

The Africa Security & Counter-Terrorism Summit 2014 is taking place outside Africa to provide African Governments and security and defence professionals with an opportunity to gain insight into the latest international developments in defence strategy and security technology, as well as the opportunity for them to network with international security and defence experts, investors and solutions providers.

LANCASTER
LONDON

There is one tangible element which has left the guests impressed countless times at the Lancaster – the views are breath taking. With Hyde Park, the largest of the Royal Parks, directly to the South along with the City of London eastwards, they have arguably the best views in London. Whether looking down from the hotel's superior bedrooms or enjoying the view from the hotel restaurants, it reinforces the feeling of the city being within your reach. Marble Arch and the plethora of Oxford Street shops are a five-minute stroll from the hotel with Knightsbridge and Harrods just ten minutes away by taxi. The Lancaster London certainly puts you at the centre of this metropolis.
