

ISS World MEA 2014 **Agenda At A Glance**

Monday, 3 March 2014 - Pre-Conference

8:30-9:30	Understanding ISS Technologies and Products Deployed in Telecommunications Networks for Law Enforcement and Intelligence Analysis (Three Two Hour Sessions) Presented by Dr. Jerry Lucas, President, TeleStrategie	Advanced IP Intercept Training (Three Two Hour Sessions) Presented by Dr. Hendrik Schulze, President & CTO, ipoque	Beyond Google and Smart Systems Substance or Shadow, Blind Spots or Shadow Presented by Stephen Arnold, ArnoldIT	Visual and Big Data Analytics Presented by Christopher Westphal, Raytheon Visual Analytics Incorporated	Practitioners Guide to Internet Investigations (Six One Hour Sessions) Presented by Mark Bentley, Communications Data Expert, National Cyber Crime Law Enforcement, United Kingdom <i>(Only Open to Law Enforcement and Government)</i>
	DEIRA SALON A (Main Level)	BOARDROOM 250 (2nd Floor)	BOARDROOM 350 (3rd Floor)	BOARDROOM 350 (3rd Floor)	DEIRA SALON B (Main Level)
	9:45-10:45	Understanding Wireline Telecom Infrastructure, Interception and Related ISS Products	Understanding TCP/IP for Packet Sniffing and Traffic Analysis	Visual Analytics: Discovering Real-World Patterns by Exploiting Meta Data Content	The World Wide Web and the Internet
	11:00-12:00	Understanding Wireline Telecom Infrastructure, Interception and Related ISS Products (Continued from 9:30)	Understanding TCP/IP for Packet Sniffing and Traffic Analysis (Continued from 9:30)	Visual Analytics: Discovering Real-World Patterns by Exploiting Meta Data Content (Continued from 9:30)	Recognizaing Traffic Data
	12:00-13:00 13:00-14:00	Lunch Break			
	14:15-15:15	Understanding Mobile Wireless Infrastructure, Interception and Related ISS Products (Continued from 12:00)	Deep Packet Inspection (DPI) Basics for LEA's, Intelligence Analysts and Telecom Operators (Continued from 12:00)	Beyond Google: What to Do When Google (Bing and Yahoo) Do Not Answer Your Questions in a Useful Way	Emerging Technologies, Masking Tech and Tools
	15:30-16:30	Understanding the Internet, Interception and Related ISS Products	Basics of IP Application Decoding	Beyond Google: What to Do When Google (Bing and Yahoo) Do Not Answer Your Questions in a Useful Way (Continued from 14:00)	Advanced Techniques in Tracing Suspects
15:30-16:30	Understanding the Internet, Interception and Related ISS Products (Continued from 15:15)	Basics of IP Application Decoding (Continued from 15:15)	Smart Systems Substance or Shadow, Blind Spots or Shadow. Blind Spots in Mainstream Intelligence Systems	Open Source Intelligence Training (OSINT)	

Coffee Breaks at 9:30, 10:45, 14:00 and 15:15

ISS World MEA 2014 **Agenda At A Glance**

Tuesday, 4 March 2014 (Morning)

		TRACK 1		TRACK 2		TRACK 3	TRACK 4		TRACK 5		TRACK 6		TRACK 7		
		ISS for Lawful Interception and Criminal Investigations		ISS for Social Network Monitoring and Big Data Analytics		ISS for Mobile Location, Surveillance and Signal Intercept	Encrypted Traffic Monitoring and IT Intrusion Product Training (LEA and Govt. Only)		LEA and Intelligence Analyst Training and Product Demonstration Track (LEA and Govt. Only)		Social Network Monitoring and Big Data Analytics Product Demonstration (LEA and Govt. Only)		Mobile Location, Surveillance and Signal Intercept Product Training (LEA and Govt. Only)		
		Session A	Session B	Session A	Session B	BOARDROOM 250 (2nd Floor)	Session A	Session B	Session A	Session B	Session A	Session B	Session A	Session B	
		DEIRA SALON A (Main Level)	ZABEEL (Main Level)	ZABEEL (Main Level)	PALMS 2 (Lower Level)	BOARDROOM 250 (2nd Floor)	DEIRA SALON B (Main Level)	BOARDROOM 350 (3rd Floor)	PALMS 3 (Lower Level)	PALMS 2 (Lower Level)	PALMS 1 (Lower Level)	BOARDROOM 550 (5th Level)	BANIYAS (Lower Level)	JUMEIRAH (Lower Level)	
8:15-8:30		Welcoming Remarks <i>TeleStrategies</i>													
8:30-9:00		Top Ten Internet Challenges Facing Law Enforcement and the Intelligence Community and Who at ISS World Middle East has Solutions <i>TeleStrategies</i>													
9:00-9:30		Integrated Information Extraction and Intelligence Mining Solutions <i>Sinovatio</i>	Forensic grade Tactical surveillance and Monitoring Centre portability, High Quality and Mobility in nowadays surveillance <i>AREA</i>			GSM/WCDMA Terminator, Passive and Active tracker integration solution <i>UKSpeedog</i>									
9:30-10:00		Keeping up with new Security Trends & Surveillance Technologies <i>trovicor</i>	True 100G BASE-xR4 single server data capture <i>Fiberblaze</i>			LIMA Mass Location and Network Protection solutions; a high level overview <i>Group 2000 Netherlands</i>	VUPEN Zero-Day Exploits for IT intrusion (Computers & Mobiles) <i>VUPEN</i>	DARK EAGLE: Fully Configurable Covert IT Intrusion and Collection Solution, Case Studies and tips <i>GR Sistemi</i>	Analyzing Multiple Data Sources in One Application <i>SS8</i>	Securing your country from cyber-attacks: a step-by-step approach. <i>RCS</i>	Deep Intelligence From Twitter & Facebook -- a live demo of KIS <i>Knowlesys</i>	An Overview of Data Clarity: Using Visual Analytics to Integrate Disparate Content <i>Raytheon</i>	Innova Presentation <i>Innova</i>	Cobham's RF/GSM/Satellite Tag and Tracking Integrated Solution <i>Cobham</i>	
10:00-11:30		Refreshment Break in the Exhibit Hall													
11:30-12:00		Today's interception in an Encrypted, Social and Clouded World <i>Hacking Team</i>		POMS: An Intelligent Tool to Drill Down on Facebook & Twitter <i>Sempran</i>	Social Media Intelligence <i>ISnSC</i>	Breakthrough Benefits in Covert Tracking Devices <i>Ntrepid Corporation</i>			Target Behavioral Analytics based on Data Retention - a demo <i>trovicor</i>				War on Social Media <i>AGT</i>		
12:00-12:30		Activate the Intelligence to expand the Security. GENESI Suite: the most complete Communication Intelligence Platform <i>IPS</i>		SIGINT, OSINT, HUMINT : Massive Data Fusion, Search & Analytics in 3 clicks <i>Advanced Systems</i>	IP Deep Investigation Analytics <i>trovicor</i>	Geospatial Intelligence for National Security <i>Esri</i>	Covert IT Operation with OSINT and Custom Tools - Real Scenarios <i>FinFisher GmbH</i>	Virtual Human Intelligence for Digital Agents. Dual Use 2.0 Digital Infiltration <i>AREA</i>				Klarios Analytics: Finding the Truth <i>ATIS systems</i>	Social Media Steals Intelligence <i>AGT</i>	CDMA Catcher and GSM/3G/LTE Catcher with Public Number Detection. <i>NeoSoft AG</i>	High Accuracy Tracking Alone is Not Enough for Preventing Crime and Terrorism - High Accuracy Location Analytics is the Key <i>Polaris Wireless</i>
12:30-14:00		Lunch Break in Exhibit Hall													

ISS World MEA 2014 **Agenda At A Glance**

Wednesday, 5 March 2014

Wednesday, 5 March 2014																			
TRACK 1		TRACK 2		TRACK 3		TRACK 4		TRACK 5			TRACK 6		TRACK 7						
ISS for Lawful Interception and Criminal Investigations		ISS for Social Network Monitoring and Big Data Analytics		ISS for Mobile Location, Surveillance and Intercept		Encrypted Traffic Monitoring and IT Intrusion Product Training (LEA and Govt. Only)		Lawful Interception and Criminal Investigation Product Demonstration Track (LEA and Govt. Only)			Social Network Monitoring and Big Data Analytics Product Demonstration (LEA and Govt. Only)		Mobile Location, Surveillance and Signal Intercept Product Training (LEA and Govt. Only)						
Session A BOARDROOM 350 (3rd Floor)		Session B BOARDROOM 250 (2nd Floor)		Session A DEIRA SALON B (Main Level)		Session B PALMS 1 (Lower Level)		Session A PALMS 1 (Lower Level)		Session B PALMS 2 (Lower Level)		Session C PALMS 3 (Lower Level)		ZABEEL (Main Level)		BANIYAS (Lower Level)		JUMEIRAH (Lower Level)	
8:30-9:00	New Generation of Language and Speaker Identification Technology <i>Phonexia</i>	Overview of ETSI LIR Development <i>Yaana Technologies</i>	INVESTIGO-From Informalton to Intelligence - A multifaceted intelligence analysis <i>RCS</i>		Aglaya-User space Exploit & Surveillance (Mobile & PC) <i>Aglaya</i>														
	From Interception towards National Intel and control <i>Group 2000 Netherlands</i>	Actionable Intelligence in a fast moving world <i>Protection Group International</i>			Trackwise-real time location application used by the Law Enforcement Agencies <i>Creativity Software</i>														
9:00-9:30																			
9:30-10:30	Refreshment Break																		
10:30-11:00	Secure the human: How to develop a successful security awareness campaign <i>Global Security Network</i>	Extended Security for Ultimaco's Lawful Interception System <i>Utlimaco Safeware AG</i>																	
11:00-11:30																			
			Social Media and LI: Technology Perspective <i>C2Tech</i>		Integrating Intelligent Profiling with OSINT <i>TasHeel</i>			Intruding Communication Devices: Live Demonstration of Latest Attack Techniques <i>Hacking Team</i>			Target behavioural analytics based on data retention - a demo <i>trovicor</i>			SIGINT in high bandwidth networks, deep dive in solution scenarios and best practices <i>Network Performance Channel</i>			LEA Product Demo <i>Protection Group International</i>		
11:30-12:00	Refreshment Break																		
12:00-12:30																			
12:30-13:00																			
			Beyond Google: What to Do When Google (Bing and Yahoo) Do Not Answer Your Questions in a Useful Way <i>ArnoldIT</i>			Detecting and Locating Mobile Network Interceptions <i>RCS</i>		Encryption of Mass-Communication Changed the Game's Rules, learn how to stay ahead of threats with Remote Stealth Surveillance <i>AGT</i>			New LI challenges. A Countrywide Integrated Solution: Voice, Data, Positioning and Encryption for Massive Interception <i>IPS</i>			Putting Digital Investigation in the hands of detectives <i>Global Security Network</i>			Social Network Monitoring Session <i>Clear-Trail Technologies</i>
