***Maintenance is calculated as a percentage of the selling price.** Base price listed is a starting price. Volume level discounts apply by multiplying the annual percentage by the break price at each level. For example, if maintenance is purchased for 3 years for 600 seats, the formula would be 48%*€29.16 = €14.00/seat.

***Pro-rated pricing is determined by dividing the one year price by 12 months and multiplying by the number of months in the desired term of service. For example, if the one year price for Maintenance is €20.00/seat and the desired term is 7 months, the pro-rated formula is (€20.00/12)*7=€11.67/seat.

Annual Maintenance Contracts are mandatory for any new perpetual license order.
