Title:	Document type:	Version:
Ethical Hacking	Authorization and confidential agreement	1.0

1. AUTHORIZATION FOR THE DEVELOPMENT OF A LEVEL 1 SECURITY PROBE

I, _____, identification document _____ number _____, in quality of representative of company _____, located in _____ aware of the responsibility that comes from false declarations, hereby authorize expressly Mr Valeriano Bedeschi and his delegates to perform simulated attacks through connections in the geographic and local area toward my computer system, and free Mr Valeriano Bedeschi and the company HackingTeam SRL from any responsibility in this matter.

Mr. Valeriano Bedeschi and the company HackingTeam SRL have the obligation to maintain the simulated attack within the limits of system security checking, and not to alter or damage any data contained in the system.

The data that Mr Valeriano Bedeschi, his associates, or anyone from HackingTeam SRL could see or read, will not be in any way used, forwarded and/or shared with anyone, and will have to be erased from any other database at the end of the simulated attacks. In this matter, Mr. Valeriano Bedeschi and HackingTeam SRL take full responsibility for themselves and their coworkers.

The results of the simulated attacks may be used in anonymous form only for study and research purposes.

While waiting for a signed copy of this letter of acceptance, we send you our best wishes.

Milan - Belgrade, February 2004.

Acceptance signature of the Delta Banka Representative

Signature of Mr. Valeriano Bedeschi
President of HackingTeam SRL.
