

**Miniature Long Term
Audio Recorder**
Micro/USB

Miniature Long Term Audio Recorder – Micro/USB

Description

The Micro/USB is a very small digital long-term audio recorder for concealed operations. All components of the recorder (including microphone and battery) are built into a customary door opener in form of a key fob. The recorder allows for continuous audio recordings of up to 9 hours. The dynamic range is at 90dB. Recorded data can be transferred via USB-cable to any PC/Laptop.
